- Used critical thinking to break down problems, evaluate solutions and make decisions.
- Developed and maintained courteous and effective working relationships.
- Worked in modern technologies such as React, Django

SKILLS

Javascript

React JS

HTML

CSS

TailwindCSS

Redux

Bootstrap

PERSONAL PROJECTS

Food App [🔗](#)

- I have done a Food Delivery WebApp using React and Redux as front-end, Python and MySQL as back-end. In this app the user can order food from the available restaurant. I have stored the selected food details from the user in MySQL table using Python
- GitHub repository : https://github.com/jaraldj/foodApp_react

Resume Builder

- I have done a Resume Builder WebApp using React redux. In this app, the user has to fill their details in the given form and their resume will be generated
- GitHub repository : https://github.com/jaraldj/react_project/tree/main/resume

Consultancy Website [🔗](#)

- I had the privilege of collaborating with an IT consulting firm to create a professional website, elevating their online presence and showcasing their expertise in providing customized IT solutions for businesses.
- GitHub repository : <https://github.com/jaraldj/consultancy-website>
